

The Camarillo Promenade

Breaking ground later this year....

The Camarillo Promenade will feature 242,000 square feet of fine retail stores and restaurants, on approximately 29 acres, just off US Highway 101 at Las Posas Road.

The Promenade will be located just minutes from the Camarillo Premium Outlets, annually the most visited destination in Ventura County, and just west of the Edward's Cinemas. The Promenade will also be in close proximity to the Camarillo Town Center.

Another exciting development will be the new 250-room Marriott Hotel, to be constructed just across Ventura Boulevard from the Promenade. This new hotel will include a conference facility that will seat 500 people for luncheons and many other functions.

For more information, please contact the City Economic Development Division at 800-643-5373.
